

# TeamRelay™

Automate Patient Handoff. Save Time.

TeamRelay integrates with TeamNotes™ to automate patient handoff lists. Sign-out lists are populated with the most recent patient information from physicians' notes. Handoff information can be viewed from anywhere, at any time.

## Improve Patient Handoff

- ▶ Increase communication and collaboration between care team members
- ▶ Give everyone the opportunity to view the handoff at anytime, anywhere
- ▶ Eliminate duplicative manual data entry
- ▶ Meet recommendations from JCAHO on quality of care and patient safety practices

## Improve Patient Safety

- ▶ Reduce the potential for medical errors by simplifying the handoff and sign-out process
- ▶ Ensure each team member has access to the right information at the right time - *every time*

## Features

- ▶ **Centralized rounding list includes clinical data and information from clinicians' daily notes**
- ▶ **Integrated problem list allows problems and diagnoses to be managed throughout the visit**
- ▶ **Lab results, medications, and allergies stream onto your handoff list**
- ▶ **Maintain personal handoff lists or group-based lists**
- ▶ **Carry forward information from day-to-day**
- ▶ **Integrate physician notes with sign-out effortlessly**
